

My Five Senses

By James

**My name is James. This is a book
about my five senses and how I
use them. I hope that you enjoy it!**

My eyes are for seeing colors. They
look beautiful!

My nose is for smelling a Black-eyed Susan. It smells strong.

My ears are for hearing instruments. They sound loud.

My tongue is for tasting an orange. It tastes tangy.

My skin is for touching my dog. She feels soft.

**All of the parts of my body
help me to get to know the world
I live in. Each part of my body has a
different job to do.**

My ears hear.

My nose smells.

My eyes see.

My skin feels.

My tongue tastes.
