

Things I Love

A First Grade
Valentine's Day Project

I love my teacher.

I love swimming at the YMCA.

I love my mom because she is very silly and that makes me happy.

Love is trees shining from the moon so light in the sky.

Love is taking a nap on a rainy day.

I love spring because it is sunny.

Love is special because it stands for caring for other people.

Love is reading at school.

Love is flying in an airplane.

Love is for everyone.
